

Dear Valued Customers;

January 1, 2026

Notification of Marking Change for TCU Series Products

I hope this message finds you well.

We would like to inform you of an important update regarding the marking specifications of our TCU series products.

In order to comply strictly with UL regulations, we will be implementing changes to the marking content. These changes will be applied sequentially starting from future production batches.

Previous Marking:

- TCU-1000: RU TCU-1000 ASAHI KASEI
- TCU-1000W: RU TCU-1000W ASAHI KASEI

New Marking (applied to both models):

- TCU-1000: RU AWM STYLE 5292 VW-1 80°C E116331 ASAHIKASEI
- TCU-1000W: RU AWM STYLE 5292 VW-1 80°C E116331 ASAHIKASEI

Please note that this change is limited to the external marking and does not affect the product's specifications or performance. The new marking will be applied once the inventory of products with the previous marking has been depleted.

We appreciate your understanding and cooperation. Should you have any questions or require further clarification, please do not hesitate to contact us.

Yours faithfully,

Yoshihide Oishi
General Manager
Optical Products BU
Electronics Materials Division
ASAHI KASEI CORPORATION
